

Samsung Exynos 5 board

This board now has two different GPUs and this page is just for the people who clicked on external links.

Check out the two pages to find GPU-specific boards:

Exynos 5 Duo/Octa with [ARM MALI](#) (5250 and 5420)

- Exynos 5 Octa [Imagination Tech PowerVR](#) (5410)]

If you'd like to know more about these processors and how we use them to accelerate computations on mobile solutions, [just ask](#).
